

Building for the future.

SEE BELOW TO FIND OUT HOW

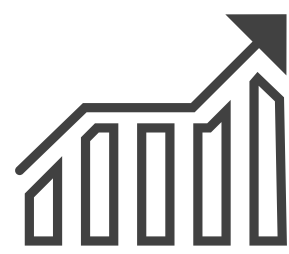

About Zwahlen & Mayr

Whether it's for buildings, bridges or other structures, Zwahlen & Mayr is an expert in the design, manufacture and construction of steel structures worldwide. With its ZM Tubes brand, the company is also a leading producer of stainless steel and nickel alloy tubes, welded tubes, welded redrawn precision tubes and a new line of seamless tubes. Known for its high-quality products and excellent customer service, Zwahlen & Mayr is always ready to meet the innovative challenges of the market.

The challenge

Maximize storage performance

Provide capacity for long-term data growth

Support business applications

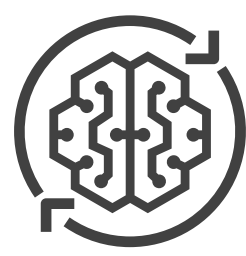

We took a longer-term approach and looked for a solution that could meet our performance and capacity demands now and in the future. By choosing Hitachi's all-NVMe E Series, we have a proven and reliable platform and the flexibility to support the business as it continues to grow.

– Yannick Krause
IT Manager, Zwahlen & Mayr

The solution: Infrastructure modernization

Hitachi Virtual Storage Platform E590 (all-NVMe, all-flash)

Hitachi Remote Ops Monitoring

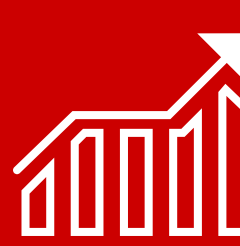

Consultancy, design, migration and support services from EVOK

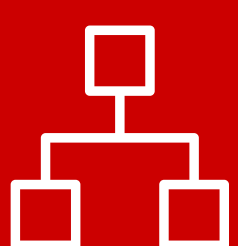

The outcome

High performance and availability

Increased capacity and greater utilization

Simplified management

Ongoing support ensures optimal performance

About EVOK

EVOK is a specialist provider of IT maintenance and infrastructure management services, delivering efficient and reliable solutions to small and medium-sized businesses across Switzerland.

We are Hitachi Vantara

We guide our customers from what's now to what's next by solving their digital challenges. Working alongside each customer, we apply our unmatched industrial and digital capabilities to their data and applications to benefit both business and society.
