Step by Step – How to Access the HDS Learning Center & Search the Course Schedule

In order to access to the HDS Learning Center (LMS), all Customers should have a valid Account in the HDS Portal Database. If you don't have a valid Account there, you could register yourself via the HDS Portal using the "Need to Register" link. <https://portal.hds.com>
During the Registration process via the Portal, you will receive your Logon Credentials to the Learning Center. If you experience any problems, please contact us. [Contact:](#)

Access the HDS Learning Center via the following link: <https://learningcenter.hds.com>

Locate the "Knowledge Center – Catalog Search" Portlet, enter the related Course Code and click "Search".

The screenshot shows a search interface with the following elements:

- Header: Knowledge Center - Catalog Search
- Search Input: A text box containing "TCI1830" and a "Search" button.
- Filters: "All Resources" (dropdown), "Starting" (dropdown set to "In the Next Six Months"), "Locations" (dropdown set to "Any Location"), and a checkbox for "Show exact matches only".
- Navigation: "Browse: Knowledge Base | Categories" and "Advanced Search" link.

On the "Results" screen, look for your preferred Location and Start Date.

The screenshot shows a course result card with the following details:

Training Units

How to get best flexibility and value for training

Maximise the benefit and potential of your investment in Hitachi Data Systems technology and skills.

Purchase Hitachi Data Systems Training Units which will help you protect your training budget, cover your organisation from unexpected medium term training requirements, and enable you earn a valuable discount for volume purchases.

One Training Unit is typically equivalent to attendance on a one day public scheduled instructor-led training course for one person. It can also be exchanged for any of Hitachi Data Systems' training products and services, as and when the service is required.

You can select the number of Training Units that best suit your training requirements, budget allowance, and time restrictions.

Terms

One Training Unit is valid for one year from the date of purchase. The minimum quantity available for purchase is 01 Unit and can be acquired in any number. All HDS Education products and services are priced in Training Units as well as local currency thus making it easy for you to „spend“ your Training Units once purchased.

Volume Purchase Discount

Number of Units	Discount
1 - 10	0,0 %
11 - 25	2,5 %
26 - 50	5,0 %
51 - 100	7,5 %
101 - >	10,0 %

What next ?

Contact your Hitachi Data Systems Training Centre for assistance in deciding how many Training Units you should purchase, that would best fit your training needs and timescales.
