

Hitachi Data Systems Academy Training Solutions

As a partner or customer of Hitachi Data Systems, you already entrust us with the development of business solutions to the ever-growing challenges of your data storage. Now, look to the Hitachi Data Systems Academy for training and education opportunities to optimize your investment.

Training and Education Create a Stronger Organization

One important challenge your organization faces is maintaining momentum of learning to keep up with the rapidly changing world of IT. One of the key goals at Hitachi Data Systems Academy is to support your development to help you optimize the value of your investment in Hitachi technology. Visit <http://hds.com/education> for information on learning paths and special course offerings.

The Academy also has consultants, who can conduct a thorough review and assessment of your organization's training needs and make recommendations to suit your business needs.

Visit the Hitachi Data Systems Learning Center for Course Information

The Hitachi Data Systems Learning Center provides our customers, partners and colleagues with a quick and easy way to access our online course catalog and enrollment.

Delivering the most current and comprehensive training solutions, our learning portal enables participants to expand their proficiency in the latest storage solutions and realize the optimal benefit of their storage solutions.

Get the education and skills you need to transform information into knowledge that can be applied directly to your business.

Please visit Hitachi Data Systems Learning Center at <https://learningcenter.hds.com>. Our curriculum paths will guide you in selecting the appropriate sequence of classes and certification(s) to suit your specialized area. For each course listing, you will find a general description and a list of objectives as well as prerequisites and target audience information.

If you have questions about meeting prerequisites or require course information or guidance, Hitachi Data Systems Academy is happy to help you establish your own training plan.

World-class Hitachi Data Systems Certified Professional Program

What matters gets measured. What's measured gets done!

Hitachi Data Systems Academy Certification: Your Road to Achievement

The Hitachi Data Systems Certified Professional Program is designed to validate the skills and knowledge of Hitachi Data Systems partners, customers and personnel. It covers the areas of storage architecture, implementation and administration, utilizing products, solutions, services and technology from Hitachi Data Systems.

Please visit <http://hds.com/certification>.

Become an Expert!

At Hitachi Data Systems Academy, you'll find education experts on Hitachi storage products, services and technology. We can help you become an expert, too.

Our courses cover hardware, software and solutions to help you address business issues such as business continuity, storage management and content archiving.
