Example Brocade® Technical Training |

CFA280 – Introduction to L2 Fibre Channel Administration & Theory
3 day ILT 3 Training Units

CFP380 – Advanced Fibre Channel Administration & Theory
3 day ILT 3 Training Units

DCX200 – Brocade FC Backbone & Director Hardware & Implementation
3 day ILT 3 Training Units

DCFM200 – Brocade Data Center Fabric Manager
3 day ILT 3 Training Units

The above set of courses are just an extract from the overall vendor education offerings and may not be schedule on a regular basis.

Example Cisco® Technical Training |

ICSNS – Implementing Cisco Storage Networking Solutions
5 day ILT 5 Training Units

IASNS – Implementing Cisco Advanced Storage Networking Solutions
5 day ILT 5 Training Units

DCSNS – Designing Cisco Storage Networking Solutions
5 day ILT 5 Training Units

The above set of courses are just an extract from the overall vendor education offerings and may not be scheduled on a regular basis.

Online Trainings

Instructor Led Trainings

Virtual Instructor Led Trainings

Certification Exam

Certification Credential

ILT: Instructor-Led Training

Interactive course or workshop with stand-up lectures delivered to a student group by an instructor. Technical ILTs usually include practical (lab) sessions.

vILT: virtual Instructor-Led Training.

Electronic and distance learning component consisting of an interactive course delivered to students by a remote instructor. Student access the vILT via the internet or their intranet and can be geographically dispersed. Some vILT's include practical sessions with connection to a remote lab. vILT's are sometimes recorded and then offered for repeated viewing.

WBT: Web-Based Training.

Electronic and distance learning component available for viewing using a web browser. Some WBTs can be downloaded and be run offline as Computer-Based Training (CBT).

| Training Units |

How to get best flexibility and value for training

Maximise the benefit and potential of your investment in Hitachi Data Systems technology and skills.

Purchase Hitachi Data Systems Training Units which will help you protect your training budget, cover your organisation from unexpected medium term training requirements, and enable you earn a valuable discount for volume purchases.

One Training Unit is typically equivalent to attendance on a one day public scheduled instructor-led training course for one person. It can also be exchanged for any of Hitachi Data Systems' training products and services, as and when the service is required.

You can select the number of Training Units that best suit your training requirements, budget allowance, and time restrictions.

Terms

One Training Unit is valid for one year from the date of purchase. The minimum quantity available for purchase is 01 Unit and can be acquired in any number. All HDS Education products and services are priced in Training Units as well as local currency thus making it easy for you to „spend“ your Training Units once purchased.

Volume Purchase Discount

Number of Units	Discount
1 - 10	0,0 %
11 - 25	2,5 %
26 - 50	5,0 %
51 - 100	7,5 %
101 - >	10,0 %

What next ?

Contact your Hitachi Data Systems Training Centre for assistance in deciding how many Training Units you should purchase, that would best fit your training needs and timescales.

| **Training Passport** |**How to get best flexibility and value for training**

Maximise the benefit and potential of your investment in Hitachi Data Systems technology and skills.

Take Advantage of unlimited Instructor-Led Courses (ILT) taught by Storage Experts in addition to a wide range of convenient Virtual Instructor-Led Classes (vILT) and Web Based Trainings (WBT). Purchase Hitachi Data Systems Training Passports which will help you protect your training budget, cover your organisation from unexpected medium term training requirements, and enable you earn a valuable discount for volume purchases.

Simplify your Training Budget with one fixed-price Purchase and one Purchase Order.

Terms

A Training Passport is valid for one year from the date of purchase. The Passport is not transferable and must be used by the named Customer employee. The Training Passport could be used for any public scheduled Training Class in a HDS Academy Facility in the Country of Purchase. Training Passports could not be used for On-Site or customised Training Courses.

Availability

Training Passports are available in Germany, France and the United Kingdom.

What next ?

Contact your Hitachi Data Systems Training Centre for assistance in deciding how many Training Passports you should purchase, that would best fit your training needs and timescales.

How to Search our Academy Course Schedule

Under the Learning Center Tab we have provided the simple step by step instruction to search for our Academy Course Schedule via the HDS Learning Center application. In addition we have released the Hitachi Data Systems Course Finder App for iPhone.

The App could be downloaded free of charge by clicking the below image from the App Store.

Following Features are integrated:

- Search for Courses**
 - by subject
 - by delivery type
 - get Course details
- Find Offerings**
 - by subject or delivery type
 - by location
 - by date
- Locate Training Centres**
 - by browsing
 - by GPS
 - get location details
- Contact Info**
 - by phone where available
 - by e-mail
- News**
 - recently released courses
 - Certification News
 - Education related resources
