About Kredi Kayıt Bürosu

Leading credit bureau Kredi Kayıt Bürosu (KKB) provides **information** and **technology** to meet the needs of the financial industry and increase the operational efficiencies of the institutions it serves. Founded in 1995 with nine leading banks in Turkey, KKB has grown to nearly 200 members, including banks and factoring, leasing, insurance, consumer financing and asset management companies.

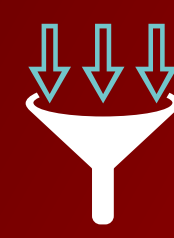

The Challenge

Legacy systems could not meet demand of rapidly growing data

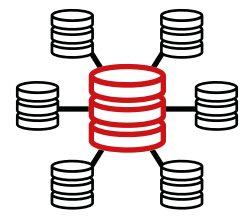

Improve business continuity and disaster recovery

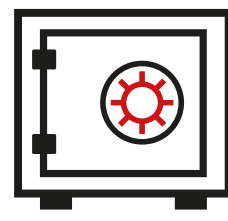

Reduce silos and footprint

The Solution

Agile Data Infrastructure, Data Protection and IT Operations Management

Consolidate legacy systems onto Hitachi Virtual Storage Platform G series (Hybrid Flash)

Active-Active Data Protection with Hitachi Global Active Device

IT Operations Management with Hitachi Storage Advisor, Hitachi Command Suite, Hitachi Infrastructure Analytics Advisor, Hitachi Data Center Analytics

Using Hitachi Flash we were able to consolidate our infrastructure and create a more stable and flexible environment that can respond to changing and growing demands. The active-active data protection allows us to further guarantee data availability which is essential in our business.

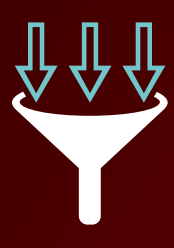

- Mustafa İBİŞ, Data Storage and Backup Senior Specialist, Kredi Kayıt Bürosu

The Outcome

Secure infrastructure to manage future growth

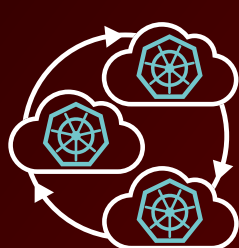

Improved business continuity and disaster recovery

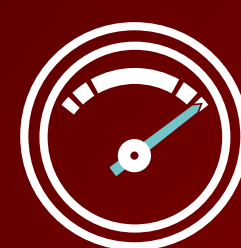

Reduced footprint through consolidation

Increased capacity and greater utilization

Greater flexibility to respond to demands

Faster performance

We Are Hitachi Vantara

We guide our customers from what's now to what's next by solving their digital challenges. Working alongside each customer, we apply our unmatched industrial and digital capabilities to their data and applications to benefit both business and society.
