

## SOFTWARE LICENSE TERMS

If You have a Direct Purchase Agreement or other form of supply agreement in place with HDS or HDS Partner ("Agreement"), these Software License Terms ("License Terms") must be read together with any additional terms and conditions relating to the Software in the Agreement. Unless the Parties expressly agree otherwise, capitalized terms in these License Terms have the same meaning as defined in the Agreement. If there is any inconsistency between these License Terms and the Agreement, these License Terms will be the controlling document when the Agreement is signed with a HDS Partner to the full extent of the inconsistency.

### 1. License Grant

- (a) Except as otherwise expressly provided, HDS grants You a personal, non-transferable, non-exclusive license:
- (i) to Use the Software solely on the HDS Equipment with which it is shipped, to enable the Equipment to function;
  - (ii) to Use the Software solely for Your internal business purposes, subject to the restrictions specified on any Equipment used in connection with the Software. For capacity-based Software, You will Use the Software up to the specified capacity purchased (e.g. number of Cores specified in an Order) on the relevant equipment, network, device or CPU. If You wish to exceed capacity, You must pay to HDS any additional license fees first;
  - (iii) if You are provided with Work Product under a Statement of Work, to Use, reproduce, copy and display the Work Product solely for Your internal business purposes. You obtain no title or ownership in any Software or Work Product or Maintenance Material under the Agreement or these License Terms, nor do You obtain any right to sublicense the Software, Work Product or Maintenance Material;
  - (iv) if You have purchased "development/testing" licenses, You acknowledge that such licenses are intended for use in Your development and testing environments only, and not in a Production Environment; and
  - (v) if You have loaned Equipment from HDS, to use the Software loaned to You as part of the Equipment for Your internal evaluation purposes, and subject to the additional terms set out in Section 2 below.
- (b) You must only use the Software as provided:
- (i) in either machine-readable object code form or machine-compressed form (and the related Documentation may be used only in printed or electronic form);
  - (ii) in accordance with the Published Specifications applicable to that Software; and
  - (iii) in compliance with all applicable laws.

### 2. Software Evaluation License

Where HDS has granted You the right to Use the Software for Your evaluation purposes, You must Use the Software solely to evaluate its performance and functionality on the relevant Equipment with which HDS has supplied the Software, in Your internal business environment at the location, and only for the Designated Use, that You have agreed with HDS under the loan arrangement. Your right to Use the Software for such purpose will end upon the earlier of the expiration of the applicable loan period or termination of the loan arrangement.

### 3. Third Party Software

- (a) Third Party Software may be embedded in the Hitachi proprietary Software that is branded as HDS and sublicensed directly to You under these License Terms. Other Third Party Software is provided to You subject to Third Party EULAs, which are available from HDS at Your request. Such EULAs may be in the form of shrink-wrap or click-through license agreements.
- (b) You will have no recourse against HDS with respect to any Third Party Software, unless HDS is the stated licensor and then, only to the extent expressly provided for in such license. You are responsible to do whatever is necessary or required by the Third Party Licensor for the licenses and related terms to take effect (e.g. online registration).
- (c) The inclusion of Third Party Software or Open Source Software in the Products and Your acceptance of any Third Party EULAs or Open Source Software Licenses (or other similar agreements presented by Third Party Licensors) will not adversely affect Your use of the Product as contemplated under the Agreement.

### 4. Open Source Software

- (a) The Software may include Open Source Software. You can access a complete list of the licenses for the Open Source Software provided with the Hitachi proprietary Software from the Open Source License Website. You are responsible to read the terms of, and adhere to all licenses for Open Source Software.
- (b) By accepting these License Terms, You are also accepting the terms and conditions of the licenses applicable to any Third Party Software (including any Open Source Software) included with the Software. The Open Source License Website does not include Third Party Related OSS. You must refer to the applicable Third Party EULA or the file directory located in the Software for those terms.
- (c) If the Software includes certain software licensed under the GNU General Public License or other similar Open Source Software with a license that requires the licensor to make the source code publicly available ("**GPL Software**") and the applicable source code was not included in the Software, then You may obtain a copy of the applicable source code for the GPL Software by either: (i) requesting HDS to mail the open source code to You; or (ii) downloading the open source code by following the links on the website referenced in the Open Source License Website.

### 5. Use Restrictions

Except to the extent these restrictions are prohibited by applicable law, prohibited by the terms of any Open Source Software license or otherwise agreed to by HDS in writing, You must not, and must not allow any other person to:

- (a) disclose the results of testing or benchmarking the Software or Products to any third party without the prior written consent of HDS;
- (b) translate, decompile, disassemble, reverse compile, reverse engineer, reduce in human readable form or otherwise attempt to discover, access or reconstruct the source code or underlying ideas, algorithms, file formats, programming or interoperability interfaces of the Software, or any files contained in, or generated using the Software by any means whatsoever;
- (c) modify, unbundle, enhance, supplement or create derivative works using the Software;

- (d) sub-license, rent, lease, transfer, loan, distribute, resell or grant any rights in and to the Software to a third party;
- (e) copy or reproduce the Software other than as expressly allowed in the Agreement, these Licence Terms or as authorized by HDS;
- (f) remove or otherwise tamper with any proprietary notices, labels or marks contained on or in the Software;
- (g) use or permit the Software, any Product or any Work Product to be used to perform services for third parties, whether on a service bureau or time sharing basis or otherwise, other than as expressly allowed in the Agreement or as authorized by HDS;
- (h) use the Software or any Product or allow their use for the purpose of: (i) developing, enhancing or marketing any product that is in any way competitive with the Software or any Product; or (ii) testing the Software or Product to derive data for any purpose which is competitive with the Software or any Product; (iii) use the Software via any communications network or by means of remote access; or
- (j) use the Software in any manner other than as expressly provided herein.

#### 6. **Authorized Copies**

HDS will provide You with one (1) copy of the media and documentation for the Software. For Software licensed under an enterprise license, HDS grants to You the right to make copies of the Software solely for Your own internal use, within the scope of the enterprise license. You may also make one copy of back-up or archival copies of Software solely for Your own internal use, provided that You ensure that such copy bears HDS' proprietary notices, labels or marks. You must reproduce on all copies made, all proprietary and copyright notices contained on or in the Software.

#### 7. **Software Transfers**

Except to the extent otherwise provided in any applicable Open Source Software license, You must not transfer the Software to any other person or entity without HDS' prior written consent. You may, however, transfer the Operating Software to a third party ("*transferee*") solely with the related HDS Equipment, but You must ensure that the transferee agrees to the terms of these License Terms and all additional relevant license terms. The Operating Software is provided to the transferee on an "as is" basis, with no extension of any existing warranty or support arrangements. When the transfer is complete, You must remove and destroy all copies of the Operating Software in Your possession or under Your control. You must also permanently remove all Software from any media upon which it is stored prior to disposing of the media.

#### 8. **Location of Software**

If the Equipment upon which You are authorized to Use the Software becomes temporarily inoperable, You may load and Use the Software on another of Your computer systems located at the same premises, until the original Equipment becomes operable. Otherwise, You must always get HDS' prior written consent before changing the Equipment on which the Software is to be Used, or its location.

#### 9. **Verification Rights**

HDS or its independent auditor may, upon reasonable notice to You, examine and audit Your records and systems to ensure compliance with applicable software licenses. The audit will be performed during normal business hours in a manner which does not unduly interfere with Your business operations. If the audit shows that You are using more copies of the Software than permitted under Your applicable license(s), HDS may charge You additional usage fees.

#### 10. **Termination of Licenses**

Your license in the Software will terminate: (i) when that Software is replaced with any upgrade, revision or replacement Software; (ii) when the license term ends, if any is expressly stated; (iii) if You are in breach of these Online License Terms, any license for Third Party Software, or the Agreement.
