Paul Lewis is the Chief Technology Officer for Hitachi Data Systems' (HDS) Canadian Region. Paul is responsible for the region's Solution Consulting practice, along with general evangelism and advocacy of the HDS Vision and Strategy. Prior to joining HDS, and for the past 20 years as a client, Paul has focused on technology R&D and innovation, IT and business strategic plans and governance, security and risk management, software and infrastructure architecture as the CTO and Senior Technologist of several financial services organizations from start-ups to large business services providers. In his role of trusted advisor to our CIO clients, Paul's explicit goal is to ensure our clients' problems are solved and opportunities realized.
