

Hitachi Data Systems Learning Center: Mobile App Guide

By Hitachi Data Systems Academy
March 2017

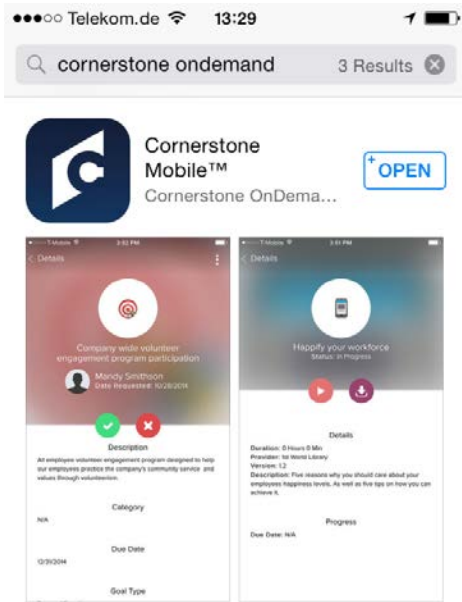

Welcome

Welcome to the HDS Learning Center, our new learning tool.

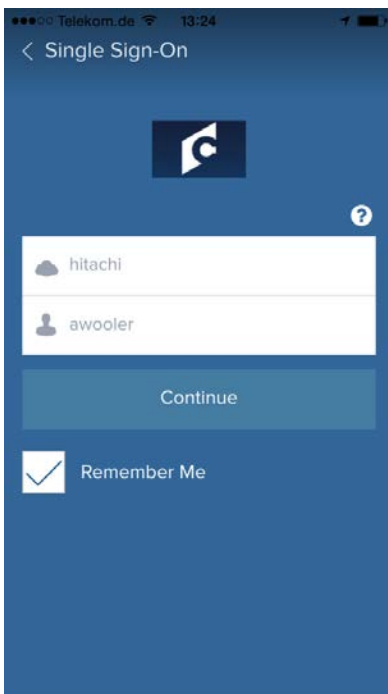

This guide will show you how to install and use the HDS Learning Center Mobile app.

The Learning Center uses software provided by Cornerstone On Demand – the app is available for free in the App Store and at Google Play.

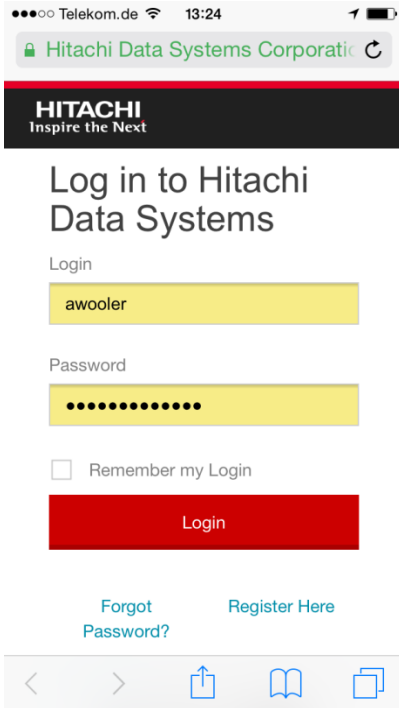

To locate the application, search for “Cornerstone Mobile” and download:

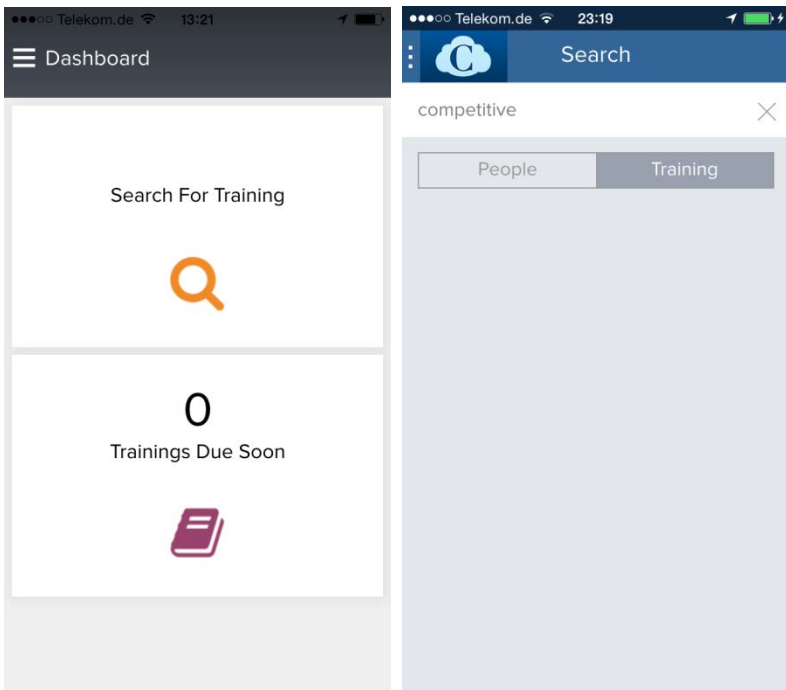

The app uses HDS Single Sign On so when you open the app, click the “Login with SSO” button. You will be presented with this screen:

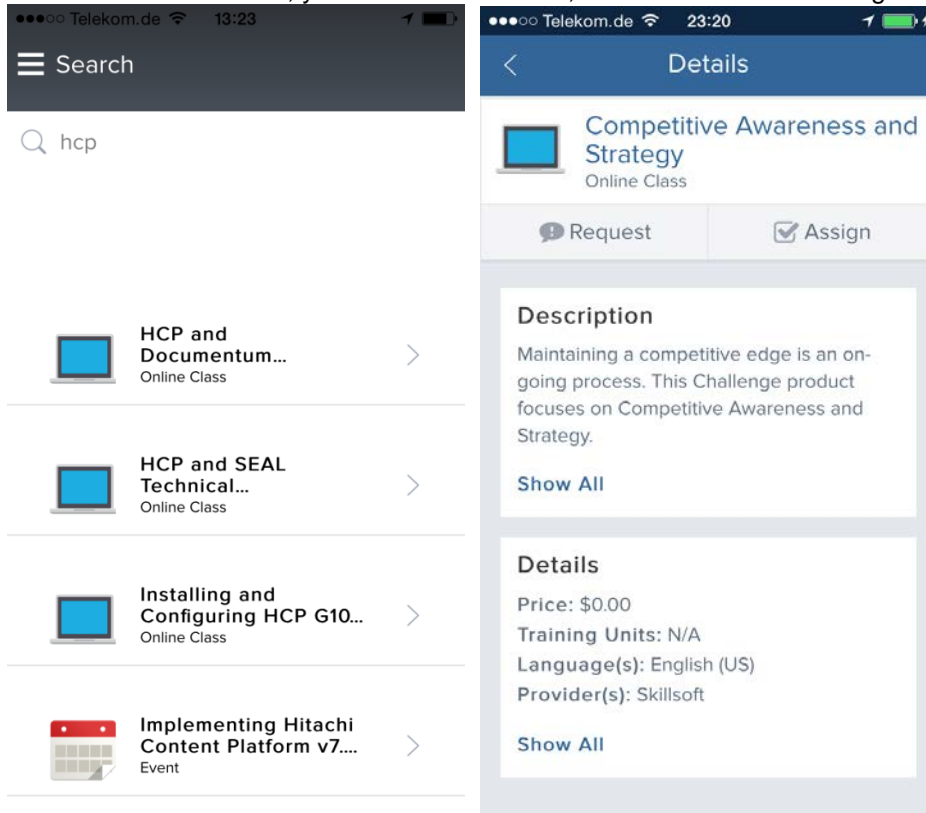

Enter the portal name as “Hitachi” and enter your SSO ID. You will then be taken to the standard HDS SSO login page:

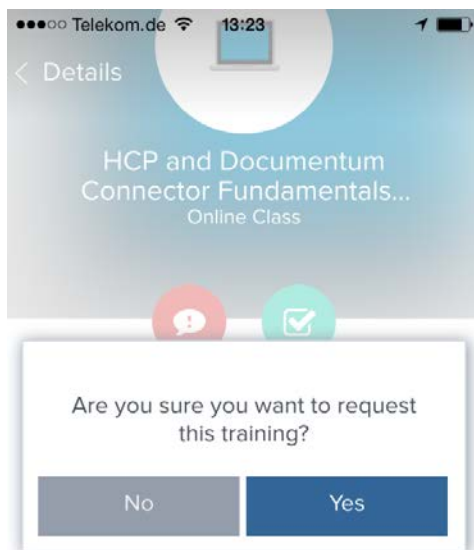

Enter your credentials then click “Login.” You will then be taken to your “Dashboard” screen. The first item is the catalog search – click the search icon then enter your search words:

From the results screen, you can select an item, view more details and register for a course:

To register, click the “Request” button. If you are a team manager, you can also assign this course to team members by using the “Assign” button.

Details

Price: \$0.00

Training Units: N/A

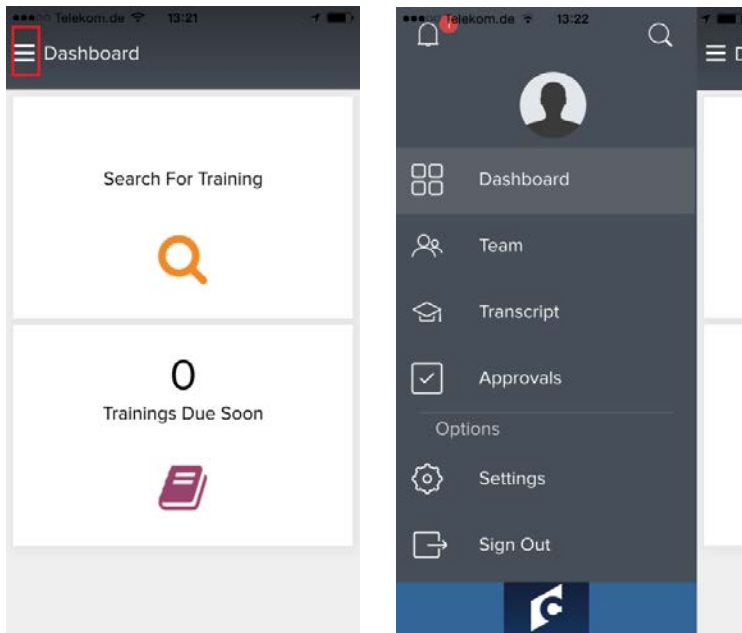

Language(s): English (US)

Provider(s): HDS_Hitachi Data Systems

Show All

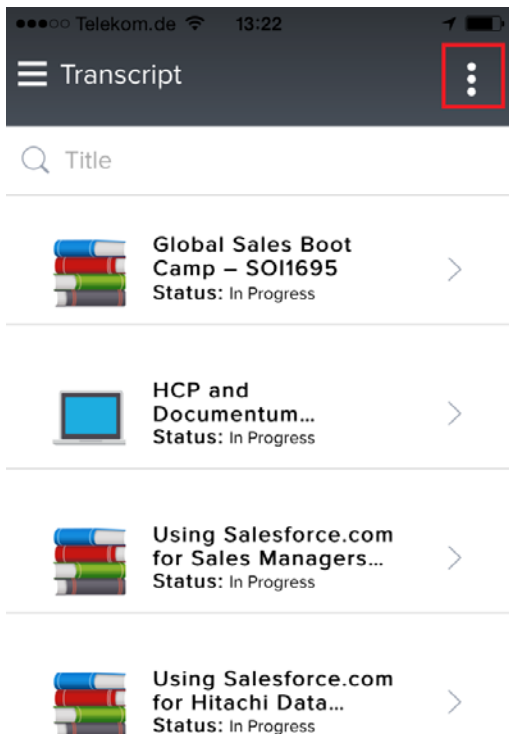

From the Dashboard, you can also view any of your in-progress courses by clicking the “Training Due Soon” button.

To access other features of the mobile app, click the highlighted icon to open the menu:

You can view information on your own and your team’s learning using the “Transcript” and “Team” buttons.

If you are a manager and need to approve any team items, you can do that too from the app. Here’s an example of a Transcript page – remember that in the new system, your transcript contains both current and historical items. To access past items, click the highlighted area below to change the view:
